Continuation of Substance of Interview including description of the general nature of what was discussed: Changes were suggested to claims 1-12 to keep the claims consistent (example- claim 1 disclosed one door system and claim 4 claimed a plurality of door systems- claims were changed to claim one door system). Claims 13 and 14 were canceled because they were directed to a non-elected invention. The Examiner called on October 13, 2004 to make a restriction requirement between the product of the vehicle door system (claims 1-12) and the method of loading a vehicle (claims 13 and 14). The Applicant elected the product (claims 1-12)..
